

**James Lind Alliance - Type 1 diabetes Workshop**  
**Thursday 4th June 2009, 10am - 3.15pm**  
**Royal Society of Medicine; James Adam Room at Chandos House**

**Workshop objectives:**

1. To explore treatment uncertainties in type 1 diabetes, in four areas; various forms of insulin; delivery mechanisms, blood glucose testing, psychosocial care.
2. Working towards shared understanding of treatment uncertainties in type 1 diabetes.
3. Review the treatment uncertainties that the group develop, and consider if further should be sought from a wider group of stakeholders.
4. To explore priority setting treatment uncertainties in type 1 diabetes.

| Time     | Topic  | Presenter   |
|----------|--|---|
| 09.30 am | Registration and refreshments  |   |
| 10.00 am | Welcome & Introductions<br>Expectations of the workshop  |   |
| 10.30 am | Tackling treatment uncertainties together - case studies from the James Lind Alliance  | Sally Crowe, Chair JLA Monitoring and Implementation Group                        |
| 10.50 am | Type 1 diabetes – treatments available and uncertainties about treatments<br>Small group work:<br><ol style="list-style-type: none"> <li>1. Various forms of insulin</li> <li>2. Delivery mechanisms</li> <li>3. Blood glucose testing</li> <li>4. Psycho-social care</li> </ol> | Facilitators:<br><br>Jude Rogers<br>Sally Crowe<br>Sandy Oliver<br>Gillian Stokes |
| 11.45 am | Coffee break   |   |
| 12.00 am | Feedback from groups and discussion  |   |
| 12.30 pm | Collecting and publishing treatment uncertainties<br><i>Database of Uncertainties about the Effects of Treatments (DUETs)</i>  | Mark Fenton<br>Editor, (DUETs)  |
| 1.00 pm  | Lunch  |   |
| 1.45 pm  | What treatment uncertainties are the most important?<br>A JLA perspective on priority setting followed by group discussion   | Sally Crowe   |
| 2.45 pm  | Possible next steps, and group discussion  |   |
| 3.15 pm  | Conclusion and close   |   |
