

SUBJECT LINE: Invitation to participate in the RCOT/JLA Research Priority Setting Partnership Launch Workshop

Cc: KC, JDW, JM, RUJ

Dear colleague,

What are the big research questions that occupational therapists, the users of occupational therapy services and their carers want answered?

Over the next 18 months, the Royal College of Occupational Therapists (RCOT) will be working with the James Lind Alliance (JLA) to undertake a Priority Setting Partnership (PSP) project to identify the Top 10 research priorities for occupational therapy in the UK.

We would be delighted if you would accept our invitation to join us at the launch event which will be held on **Monday, 4th March 2019 between 10am and 3.30pm at the RCOT headquarters in London.** This is an opportunity to share your views, and participate in discussion and debate to help shape this important project, and to learn about how you can get involved with and support the project at various levels according to the time you have available. You will find the agenda attached, and more information about the James Lind Alliance PSP framework is available at: <http://www.jla.nihr.ac.uk/>

Over the coming months your support will be vital to the success of the project, sharing your views and promoting participation in its wide-ranging consultation with your networks and contacts. We very much hope to see you on March 4th.

Please contact Ruth Unstead-Joss (ruth.unstead-joss@rcot.co.uk / 0207 450 2409) if you have any queries and to confirm your attendance by no later than Monday, 18 February 2019. Reasonable travel expenses will be reimbursed if required.

Best wishes,

At later date:
